Portfolio: akileshhariharan.netlify.app

Summary

UI/UX Designer & Developer with **3+ years** of experience designing and developing responsive, user-centric web applications for enterprise and US-based clients. Strong expertise in **React.js, Vite, JavaScript (ES6+), HTML5, CSS3, Node.js, REST APIs, MySQL, and Figma**. Experienced in building reusable React components, integrating REST APIs, and translating UI/UX designs into scalable, high-performance web applications. Designed intuitive wireframes, prototypes, and enterprise dashboards while delivering **5+ secure client projects**, including Knowledge Management and Analytics portals. Proficient in **WordPress, Elementor, WPBakery, PHP, and CodeIgniter**, with hands-on experience leveraging AI-assisted development tools such as **GitHub Copilot, Claude, Codex, Gemini Flash, and Sonnet** to accelerate development and improve productivity

Professional Experience

UI Developer, SciTech Patent Art Services Pvt. Ltd Nov 2025 - Present

- Developed and maintained **5+ enterprise web applications** for US-based clients, contributing primarily to frontend development using **React.js, Vite, JavaScript (ES6+), HTML5, CSS3, Node.js, REST APIs, and MySQL**.
- Built reusable **React** components and **responsive UI** modules to standardize interface development, reduce code duplication, and improve application maintainability across enterprise projects.
- Integrated **RESTful APIs** into React applications to enable dynamic data rendering, backend communication, and seamless data exchange across enterprise workflows.
- Designed and implemented **responsive, cross-browser-compatible** interfaces using **HTML5, CSS3, JavaScript, Bootstrap, and modern CSS** techniques for desktop and mobile devices.
- Collaborated with frontend and backend developers to deliver scalable enterprise applications, supporting UI integration, API connectivity, debugging, and performance optimization.
- Designed UI/UX solutions in **Figma**, creating wireframes, interactive prototypes, dashboards, and enterprise portal layouts to support design validation before frontend implementation.
- Developed **3 enterprise portals** using **CodeIgniter, PHP, JavaScript, HTML5, CSS3, and MySQL**, including a Patent Analytics Tool, Learning Management System (LMS), and Knowledge Management Portal.
- Built **2 responsive corporate websites** using **WordPress, Elementor, and WPBakery**, implementing customized layouts and business-focused UI components.
- Leveraged **5 AI-powered development tools — GitHub Copilot, Claude, Codex, Gemini Flash, and Sonnet** — to support code generation, debugging, refactoring, and development productivity.
- Contributed to the delivery of **5+ enterprise web applications, 3 enterprise portals, and 2 corporate websites**, with primary expertise in **React.js** frontend development and additional full-stack experience in **Node.js, PHP, and MySQL**.

UI/UX Designer & Developer, SmartZEN Solutions Pvt Ltd May 2023 – Jul 2025

- Designed and delivered 20+ interactive wireframes and high-fidelity prototypes across 5+ mobile app projects, improving usability and client satisfaction with **Figma** and **Adobe XD**.
- Developed and maintained 10+ responsive websites using **HTML, CSS, JavaScript, and Bootstrap**, ensuring 100% cross-browser compatibility.
- Created 50+ marketing creatives and 20+ catalogs to strengthen brand identity using **Adobe Photoshop & Illustrator**.
- Implemented **SEO strategies**, improving search engine rankings and boosting website traffic by 40%.
- Led deployment and maintenance of 10+ websites on cloud platforms, resolving 95% of live issues within 24 hours.

- Built a responsive e-commerce platform and 10+ animated UI interactions using **React.js (Vite)**, **Reactbits**, and **Tailwind CSS**, boosting engagement by 30%.
- Oversaw a 6-month **digital marketing** campaign that grew online reach by 35%.

Graphic Designer (Part-Time), India Signal Pvt Ltd June 2018 – April 2021

- Created 100+ visually compelling posters and graphics for social media marketing campaigns.
- Created 30+ graphics monthly using **Adobe Photoshop & Illustrator**.
